PROFILE SUMMARY

Looking for a job in software house to contribute my knowledge, skills and experience for the advancement of the company and making me grow with the company.

WORK EXPERIENCE

CloudLogically

FEB 2024 - PRESENT

FullStack Developer Intern

- I have experience working on REST APIs to connect with MongoDB and have implemented Mongoose schemas. I've created embedded documents and performed aggregations with multiple documents. Additionally, I have worked on implementing search indexes and fuzzy search functionality. Furthermore, I have experience in testing APIs using testing libraries.

Avanza Solutions

AUG 2023 - SEP 2023

Frontend Developer Intern

- I have experience working on frontend projects where my responsibilities included identifying and resolving bugs to ensure smooth functioning of the website. Additionally, I focused on making the user interface responsive, meaning it adapts well to various screen sizes and devices. I also worked on enhancing the functionality of the UI to improve user experience.
